# Medium-Term Management Plan (FY2020-FY2022)

**■** Expand global operations by advancing three core strategies and managerial foundation reinforcement measures

### Core Business Innovation

Secure competitive edge by innovating business processes and customer contact points

> ¥40 billion Investment

# Investment in People

**Accelerate business growth** through sophistication, diversification, and expansion of human resources

> ¥10 billion **Investment**

# Commerciali zation of DX

**Create new businesses** through co-creation with customers, across industry lines, and on a global basis

> ¥50 billion **Investment**

#### (Reinforcement of Managerial Foundation)

**Augmentation of Comprehensive Group Capabilities** (Inter-organization collaboration)

**Promotion of Management that Fully Exercises Our Employee's Potential** 

Fostering of Co-Creation-**Oriented Corporate Culture** 

#### **Management Targets**

**Net Sales** ¥500 billion or more **Operating Profit Margin** 10.0%-12.0%

ROE 15% or more

☐ Capital Efficiency Index... ROIC maintenance target level:10-12% (in the Medium-Term Management Plan period)

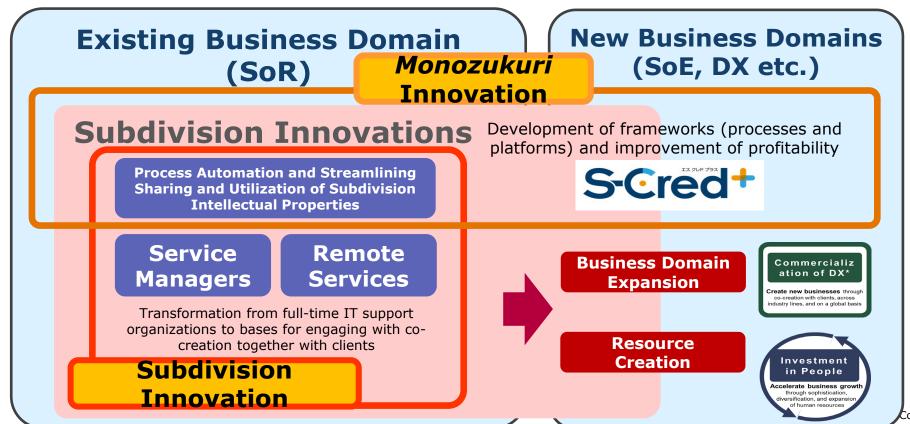

## **Core Strategies: Core Business Innovation**

#### **Core Business Innovation**

- •Business processes: "Monozukuri innovation" contributing to high productivity
- •Client contact points: "Subdivision innovation" for transitioning toward value co-creation with clients

#### ■ Subdivision Innovation and *Monozukuri* Innovation

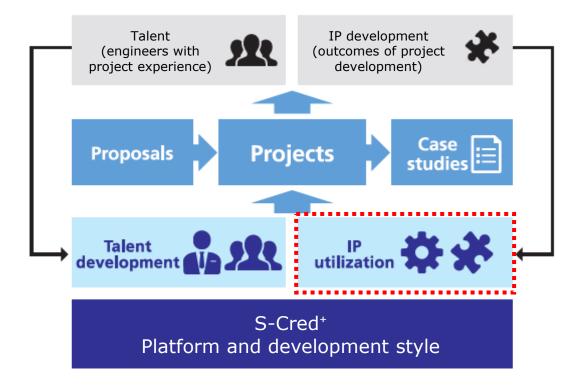

### **Core Strategies: Commercialization of DX**

#### < Monozukuri innovation >

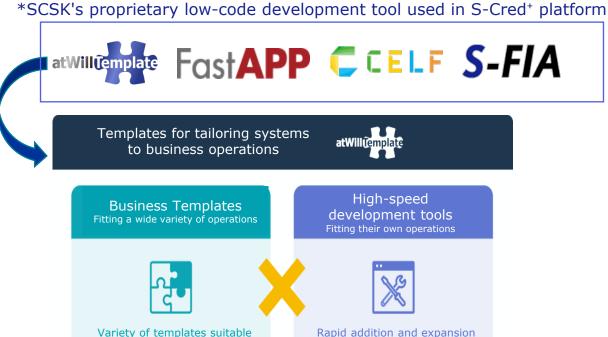

#### Overview of *Monozukuri* Innovation

- S-Cred<sup>+</sup> Utilization (Order received: FY2020 54 projects → End of Sep. 2021 38 projects
- Intellectual property utilization and deployment of successful cases

for production management

operations

of functions through non-

programming

### **Core Strategies: Core Business Innovation – Subdivision innovation**

#### <Subdivision innovation>

#### **Client Bases**

Support client business with deeper understanding of strategies and needs (points for co-creation with clients)

Positioning / Education

Service Managers

- Creation of client value
- Business / IT strategies
- Sourcing strategies, etc.

Highly skilled engineers

 Provision of swift and optimal services in response to business changes

Client issue and needs Information linkage

Full utilization of tools

#### SCSK and its Remote Bases

Coordinated approach toward delivering services that utilizes frameworks and intellectual properties

> SCSK Bases (HUB)

Remote

Nearshore Offshore

- Optimization of base functions and human resource positioning
- Promotion of Monozukuri innovations
- Full utilization of Group intellectual properties

Strengthening customer contact points

Training Service Managers to strengthen our service proposal capabilities

(30 in FY20  $\rightarrow$  Plan to be 90 in FY21  $\rightarrow$  150 in FY22)

(Unit: The number of people)

- "Monozukuri Innovation" in subdivision
  - Promotion of standardization and efficiency through application of SE<sup>+</sup> and S-Cred<sup>+</sup>
  - Utilization of Group intellectual property
  - ·Utilization of Remote bases, nearshore and offshore
  - \*Expansion of nearshore bases  $(End of March 2021: 730 \rightarrow End of Sep. 2021: 820)$
- Deployment of successful cases within SCSK
  - ·Visualization through company-wide standard subdivision management tools
  - ·Sharing information between subdivisions in communities, etc.

# **Core Strategies: Commercialization of DX**

#### **Commercialization of DX**

#### **Mobility Field**

Branch out from shared connected platforms to telematics and MaaS fields

Co-creation with several companies in MaaS field Launched subcommittees with several companies, including MOBILOTS Corporation

**2** Financial Service Platform Field

**Provide financial service platforms for** specific industries through broad-ranging co-creation

■The Financial Brokerage Platform (Japanese version of TAMP\*)→Service launch in August 2021

\*TAMP: Turnkey Asset Management Platform

#### **Healthcare Field**

Promote data-linkage between individuals and healthcare-related companies for healthcare system enhancement and streamlining preventative medicine and healthcare management

■ Several hospitals are conducting demonstration tests, etc. with a view to developing services centered on Dr2GO (information-provision services for doctors)

#### **Customer Experience Field**

Help create greater levels of corporate value by aiding in the development of supply and value chains based on client input

■ altcircle (a total service for customer contact points) business being developed

Pick Up!

## **Core Strategies: Commercialization of DX\_Examples**

# Financial brokerage platform (Japanese version of TAMP)

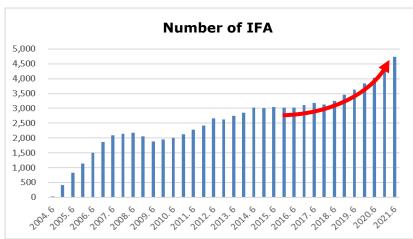

#### **Background social issue**

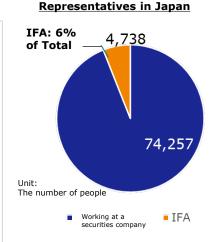

- ·Necessity for asset formation for post-retirement as a result of increased average life expectancy
- ·Distortion of social security system due to declining birthrate and aging population

#### Value provided to society by the SCSK Group

- ·Asset design for the era of the 100-year-life. Promotion of turning savings into assets
- ·Supporting IFAs\* to provide asset management services in a more sophisticated and efficient way

#### **Market environment**

**Certified Securities Broker** 

Source: Prepared by SCSK based on the Japan Securities Dealers Association's public materials

- •The number of IFAs has been on an increasing trend in recent years. Be expected to continue expanding.
- •Investments via IFA increased by 1.5 times in the past year (¥2 trillion to ¥3 trillion).
- ·"Act on Sales, etc. of Financial Instruments" to be enforced in November 2021

#### **Business support platform image**

## Market Restructuring at Tokyo Stock Exchange

### **Notice Regarding the Selection and Application for "Prime Market"** in the Tokyo Stock Exchange New Market Segments

(News Release on September 29, 2021)

SCSK Corporation (Head Office: Koto-ku, Tokyo; Representative Director, President and Chief Operating Officer: Toru Tanihara; hereinafter "SCSK") announces that on July 9, 2021, SCSK received a notification regarding a result of initial assessment of compliance with the continued listing criteria for the new market segments on the base date for the transition as June 30, 2021 from Tokyo Stock Exchange, Inc. ("TSE") and confirmed that SCSK met the criteria of "Prime Market."

SCSK hereby announces that its board of directors has resolved at a meeting held on September 29, 2021 to select "Prime Market" as a new market **segment and apply to TSE to that effect**. SCSK will proceed with the application in accordance with the schedule designated by TSE.
